معرفی شرکت معظم امرسان

امرسون الکتریک (Emerson Electric) شرکت تجهیزات الکتریکی آمریکایی و چندملیتی است، که در زمینه طراحی و تولید موتورهای الکتریکی، فن‌های مکانیکی، چرخ خیاطی، سیستم‌های کنترل فرایند، تجهیزات شبکه‌های برق‌رسانی و سیستم‌های ذخیره‌سازی فعالیت می‌نماید.

شرکت امرسون الکتریک در سال ۱۸۹۰ توسط جان وسلی امرسون تاسیس شد و در حال حاضر تجهیزات و محصولات تولیدی خود را، به ۱۵۰ کشور جهان عرضه می‌کند و هم‌اکنون در فهرست فرچون ۵۰۰ از ۵۰۰ شرکت برتر ایالات متحده جای دارد.

دفتر مرکزی این شرکت در شهر فرگوسن، میزوری قرار دارد و سهام آن در بازار بورس نیویورک معامله می‌شود.

The Emerson Electric Company (NYSE: EMR) is an American multinational corporation headquartered in Ferguson, Missouri, United States.^{[1][2][3]} This Fortune 500 company manufactures products and provides engineering services for a wide range of industrial, commercial, and consumer markets.^{[4][5]} Emerson has approximately 111,000 employees and 205 manufacturing locations worldwide.

History

Emerson was established in 1890 in St. Louis, Missouri as *Emerson Electric Manufacturing Co.* by Civil War Union veteran John Wesley Emerson to manufacture electric motors using a patent owned by the Scottish-born brothers Charles and Alexander Meston. In 1892, it became the first to sell electric fans in the United States. It quickly expanded its product line to include electric sewing machines, electric dental drills, and power tools.

Emerson Electric News Flashes, WWII

During **World War II**, under the leadership of **Stuart Symington**, Emerson became the world's largest manufacturer of airplane armament. Emerson ranked 52nd among United States corporations in the value of World War II military production contracts.^[7] Symington went on to become the first **United States Secretary of the Air Force** from 1947-1950, a **Democratic U.S. Senator** from Missouri from 1953-1976, and a candidate for the **Presidency of the United States in 1960**.

In 1954, **W.R. "Buck" Persons** was named company president. Under his leadership, Emerson diversified its business portfolio by acquiring 36 companies. When he retired in 1973, the company had 82 plants, 31,000 employees and \$800 million in sales.

Charles F. Knight served as CEO from 1973 to 2000, and was chairman from 1974 to 2004. His tenure was marked by development of a rigorous planning process, new product and technology development, acquisitions and joint ventures, and international growth.

David Farr has served as CEO since 2000 and as chairman since 2004.

On December 15, 1999, Emerson Electric Co, moving to boost its growth prospects, agreed to acquire Jordan Industries Inc's telecommunications equipment business for \$440 million.^[8]

On July 26, 2011, Emerson announced it would locate its Latin America headquarters in **Sunrise, Florida**.

Corporate governance

The company's leaders since the mid-20th century have been, respectively, **W. R. Persons** (1954-1973; President), **Charles Knight** (1973-2000, CEO), and **David Farr** (2000 forward, CEO).

The company's chairmen of the board have been, respectively, **Charles Knight** (1974-2004) and **David Farr** (2004 forward).

As of 2014, the role of **chief marketing officer** was held by **Kathy Button Bell**.^[10]

Business platforms

Emerson is structured into 5 business platforms:

- **Process Management**
- **Industrial Automation**
- **Network Power**
- **Climate Technologies**
- **Commercial & Residential Solutions businesses**

Environmental records

Researchers at the University of Massachusetts (MA) Amherst have identified Emerson as the 97th largest corporate producer of air pollution in the United States, down from its previous rank of 56th. Major pollutants indicated by the study include nickel compounds, manganese, diisocyanate, and lead
